At any time the TD reserves the right to place an observer in any boat in an effort to maintain the integrity of the circuit. The Top 5 TOY teams are subject to mandatory observers or videographers in any event.

Videographers or any promotional media assigned by the TD on any team boat are considered observers and will make every effort to not disrupt the anglers. They cannot assist in fishing/netting in any way.

5. Severe weather

In the event of severe weather, the tournament hours may be suspended, delayed, extended, shortened, or have alternate boundaries put in place. A tournament may be rescheduled or canceled at the discretion of the Tournament Director. All Saturday tournaments will have a blow day scheduled on Sunday unless otherwise noted. Two day tournaments will start on Friday, with Sunday available as a blow day should one day be lost to weather. In the event that severe weather makes returning to the weigh-in site unsafe, get to a safe dock and call the TD and check in, so that we know you are off the water and safe.

6.A Communication

You must have a working VHF marine band radio. The official tournament channel will be channel 80. You may monitor any channel while fishing, but may not transmit by radio, cell phone* or any other electronic equipment, except in case of emergency. You may not arrange for someone to transmit information over the radio such as location or fishing program in the open for your benefit. **You may not come into contact with another vessel, nor have any communication with anyone else during a tournament,** unless otherwise noted in the rules as permitted. Transmitting or receiving any type of information via any communication device is prohibited. **You may not use a cell phone, or any other electronic device to track the location of other boats or competitors during tournament hours.** *Cell phone use parameters: Cell phones are for emergency use only. The number for the TD is located on the back of all boat cards and any emergency should be relayed to the TD. Make arrangements not to have business or other non-emergency calls during tournament hours if possible, we understand people have work and family to attend to. If the TD finds that you have transmitted or received information to better your day or catch more fish you would be in violation of the rules, you will be disqualified.

6-B Social Media

Competitors must not come in contact with other boats during tournament fishing hours until your fish have been weighed, or your boat board has been turned in to tournament officials. Contact means physical touching or passing of equipment. The only exception to this is in an emergency situation. If your boat becomes disabled, you must contact the TD for options on weighing your catch, safety first always. **In the event of a total boat failure please contact the TD and make arrangements to get safely off the water and back to port.**

- **After speaking with the TD you MAY be allowed to return to port on another anglers boat if you have the ability to keep fish separate in a fish bag.**

- **One angler from the disabled team must stay with their catch at all times and maintain responsibility for their catch.**
- **All LEWT time restrictions will still apply.**

8. Dead Fish

There is no dead fish penalty and you **MAY KEEP YOUR LEGAL LIMIT**. However, vessels with a live well should use them. Live wells should be functioning so as not to cause undue degradation of fish. Fish not kept in a live well must be put on ice immediately so as not to appear old. Any participant culling a dead fish will be disqualified from the tournament. Improperly cared for fish may be taken from the weigh basket and not weighed at the judgment of the TD. Bringing a fish short of legal size to the scale will disqualify the team from weighing any fish that day. The LEWT reserves the right to refuse entry to any fish that appears to be "old", discolored, or otherwise inconsistent with a freshly caught walleye; the tournament director or weigh-master will have the final say.

9. Check-in/ Weigh-in

Teams must be past the official check in site before the end of tournament hours to weigh fish. Any team arriving one minute or more late will not be allowed to weigh in. It is the angler's responsibility to verify the check-in boat has confirmed your boat number as you pass. Check in site will be announced at each tournament. The employee or person designated as the boat check has the final say if a boater was late. The TD will not overturn the decision made by the check in boat.

Winners will be determined by the weight of their five largest fish. Big Fish winner will be determined by the weight of the single largest walleye. Only one fish per team is eligible for Big Fish. Teams must weigh their fish in as soon as possible after arriving past the check in point. Any delay in doing so will result in a half weight penalty being assessed for the total weight, and Big Fish weight.

Tie Breakers are as follows:

Tournament overall Bag – Big Fish Weight

- If either team did not weigh for Big Fish, then a coin will be flipped for place determination and prize money will be split evenly.

The TD reserves the right to conduct random onsite/offsite Polygraph/VSA exams, or equipment inspections, including cell phones of any participating team member in order to make sure the integrity of the event is being upheld.

19. Waiver and Hold Harmless

All contestants in signing, or electronically signing, the tournament registration form agree to release and forever hold harmless the WBSA and the LEWT, any and all promoters, Tournament Directors, officials, agents, agencies, and organizations assisting the WBSA and LEWT tournament operation. Furthermore, all contestants

agree to waive all responsibility for death, injuries, damage, liability, theft, fire or loss of any kind to entrants. By signing the tournament registration form, you are in fact signing a waiver form. Entries must be signed in order to participate.

20. NTC Qualification

Since we do not know from year to year how many spots will be available for the NTC, they will be distributed in the following manner: First available spot will go to the Team of the Year from the prior year's point standings. Spots will be allocated down the TOY points list as eligible. Anglers must enter the LEWT as their club affiliation with the Walleye Federation. If a team has a qualifying spot from another club, and are not the LEWT Points champion, they should accept that spot if they want to be guaranteed a spot at the NTC.
